GENERAL PESTS
(ants, roaches, silverfish, stored food pest, etc.)
PREP SHEET

BEFORE

1. Any scrubbing or cleaning of cupboards, walls, or shelves should be done BEFORE treatment occurs.
2. Remove all electrical plates from the walls.
3. In the kitchen:
 - Remove all items from cupboards (lower and upper), including dishes, pots, pans, glassware, foodstuff, canned goods, etc. Place the items on a table and cover with a sheet.
 - Take all drawers out and turn them upside down on a counter top.
 - For the refrigerator and any other items on the floor or adjacent areas, move at least 3 feet from the wall.
4. In the bathroom:
 - Empty medicine cabinets, counter tops and all cabinets under bathroom sinks (towels, toilet tissue, medicines, etc).
5. Aquariums
 - Seal off with plastic wrappings and turn off the filter for 4 hours.
6. Vacate
 - All persons must vacate for 4 hours and/or until treated areas have dried, whichever is later.
 - Persons with ailing health or pregnancy must vacate for 24 hours and/or follow their doctor's advice.
 - Remove all pets for at least 4 hours. Pet birds must be removed for 24 hours.

AFTER

1. Upon returning to the premises, open windows for a short period of time. Thoroughly ventilating treated areas following application can reduce potential odors.
2. Turn aquarium filter back on.

FOR YOUR INFORMATION

CAUTION: PESTICIDES ARE TOXIC CHEMICALS. Structural Pest Control Companies are registered and regulated by the Structural Pest Control Board and apply pesticides that are registered and approved by the California Department of Pesticide Regulation and the United States Environment Protection Agency. Registration is granted when the state finds that based on existing scientific evidence there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized. If within 24 hours following application you experience symptoms similar to common seasonal illness comparable to the flu, immediately contact your physician or poison control center at (800) 876-4766 and AMEN Pest Control at (888) 428-AMEN. For further information, contact any of the following: for health questions, the County Health Department; for application information, the County Agricultural Commissioner; for regulatory information, the Structural Pest Control Board.
